<b>Date of acceptance and publication:</b>	1 <sup>st</sup> April 2021	<b>Planned review date:</b>	20 <sup>th</sup> June 2021

## Mandatory considerations during risk assessment

The considerations below need to be investigated and included within the risk assessment where they apply. If they do not apply to the work activity under assessment, identify this below.

Activity / Consideration	Y / NA	Activity / Consideration	Y / NA	Activity / Consideration	Y / NA	Activity / Consideration	Y / NA
Work at height	NA	Noise	NA	Fire Safety	Y	Slip, Trips, Falls	Y
Confined spaces	NA	Respiratory risk	Y	Abuse Verbal or Physical	NA	Fatigue	NA
Manual Handling	Y	Electricity at Work (contact with electricity)	NA	Welfare	Y	Driving Risk (occupational road risk)	NA
Contact with Moving Machinery, Plant or Road Vehicles	NA	Handheld Devices (Phones, Cameras, iPads etc.)	NA				

## Work Activity Risk Assessment

Component of Activity	Hazards	Consequences	Existing Controls	S	L	R	Additional Controls	S	L	R	Specialised Risk Assessment
General Fire Safety	Fire	Major Injury, damage to property	All training sessions will be conducted outdoors. The clubhouse is to be kept closed except for First Aid and Toilet Provision purposes								
Pre-Session Self Assessment	Transmission of COVID-19 by attendance	Potential transmission of COVID-19	All participants are advised to not attend if they are suffering from any symptoms of COVID-19 or have been asked to self isolate								
Whole Session	Slips, trips and falls	Minor injury including sprains	All training sessions are occurring outdoors on an open field. There will be no trip hazards  Training will be postponed if ground conditions will be too wet to ensure grip  Ground is grass so falls should only be minor  If nets are being used, all bags will be left outside of the facility to avoid trip hazards								
Handling of Equipment	Transmission of COVID-19 via equipment	Potential transmission of COVID-19	Every participant will provide their own equipment  Equipment will not be shared with other people  Any club equipment used by a person will be sanitised after sessions  If the bowling machine is used, balls will be fed by one person								

Component of Activity	Hazards	Consequences	Existing Controls	S	L	R	Additional Controls	S	L	R	Specialised Risk Assessment
			When the session has finished, all touch points and balls will be sanitized with wipes to avoid transmission								
Respiratory Risk	Transmission of COVID-19 during sessions via aerial transmission	Potential transmission of COVID-19	<p>During the sessions, participants will maintain social distancing at all times in line with government guidance</p> <p>Drills will be designed to maintain social distancing with clearly defined areas for each participant to stand</p> <p>Participants have been asked to not turn up too early for start time and if they do, stay in their vehicles until sessions start</p>								
Welfare	Transmission of COVID-19 through welfare facilities	Potential transmission of COVID-19	<p>The clubhouse will only be open for the provision of First Aid and Toilet Facilities</p> <p>Once the session has finished then all participants are asked to leave whilst maintaining social distancing</p>
