Activity / Consideration	Y / NA	Activity / Consideration	Y / NA	Activity / Consideration	Y / NA	Activity / Consideration	Y / NA
Work at height	NA	Noise	NA	Fire Safety	Y	Slip, Trips, Falls	Y
Confined spaces	NA	Respiratory risk	Y	Abuse Verbal or Physical	NA	Fatigue	NA
Manual Handling	Y	Electricity at Work (contact with electricity)	NA	Welfare	Y	Driving Risk (occupational road risk)	NA
Contact with Moving Machinery, Plant or Road Vehicles	NA	Handheld Devices (Phones, Cameras, iPads etc.)	NA				

Work Activity Risk Assessment

Component of Activity	Hazards	Consequences	Existing Controls	S	L	R	Additional Controls	S	L	R	Specialised Risk Assessment
General Fire Safety	Fire	Major Injury, damage to property	All training sessions will be conducted outdoors. The clubhouse is to be kept closed except for First Aid purposes								
Whole Session	Slips, trips and falls	Minor injury including sprains	<p>All training sessions are occurring outdoors on an open field. There will be no trip hazards</p> <p>Training will be postponed if ground conditions will be too wet to ensure grip</p> <p>Ground is grass so falls should only be minor</p>								
Manual Handling	Transmission of COVID-19 via equipment	Potential transmission of COVID-19	<p>Every participant will provide their own equipment including a bat and ball. Equipment will not be shared with other people</p> <p>Coaches will be required to wear a mitt to catch and a disposable glove to return ball to the participant</p> <p>Equipment will be sanitised between sessions</p>								

<p>Respiratory Risk</p>	<p>Transmission of COVID-19 during sessions via aerial transmission</p>	<p>Potential transmission of COVID-19</p>	<p>During the sessions, coaches will maintain social distancing between participants</p> <p>Drills will be designed to maintain social distancing with clearly defined areas for each participant to stand</p> <p>Sessions will be conducted with a maximum of 5 children and 1 coach in line with ECB guidelines</p> <p>Each group is spaced out throughout the field to ensure that participants will not come into contact with others</p> <p>The club has decided that 1 group in each of 4 corners of the field will provide more than enough separation between groups</p> <p>Once groups have been chosen then participants will not move between groups each week to ensure that contact is kept to a minimum</p> <p>Participants have been asked to not turn up too early for start time and if they do, stay in their vehicles until sessions start</p> <p>During the sessions, parents have been asked to stay in their vehicles to avoid contact with other households</p> <p>Each coach will collect the members of their group one by one so as not to allow people to walk across one another</p>
